National Do Not Call Registry

The National Do-Not-Call Registry has been established to offer you a choice about receiving telemarketing calls at home. Registering will stop most telemarketing calls but it will not stop calls from certain non-profit organizations and calls from organizations with which you have established a business relationship.

Consumers can register their residential telephone numbers, including wireless numbers, on the National Do-Not-Call Registry by telephone or by Internet at no cost. The number will be on the Do-Not-Call list the day after registration, however, telemarketers have up to 30 days to remove the number from their call lists. You may register up to three numbers at one time online, if registering via telephone, you can register only one number at a time and you must call from the telephone number you are registering. A number can be removed from the Do-Not-Call Registry at any time.

To register or remove a number from the Do-Not-Call Registry call **1-888-382-1222** or register on the Internet at www.donotcall.gov.

Print & Online Directory

Find the local business you're looking for in either the print telephone directory or on our local search site, www.localsolution.com. Localsolution.com provides relevant results when searching both business and residential listings. View enhanced options such as ads, coupons, photos, videos, and submit recommendations about local businesses all on this user-friendly site. Find it online at localsolution.com or search on the go with the localsolution app for iPhone®, iPad® and Android™.

For Advertisers

In today's economy, it is extremely important for your business to be seen by potential customers by placing advertising in our highly-used print directory. Trends indicate that more and more consumers are searching for businesses online or with mobile devices. Our local search site, www.localsolution.com, allows you to promote your business by adding your print ad, coupon, photos, a video and much more to your online business listing. A localsolution app is available for iPhone®, iPad® and Android™ allowing easy access for customers to find you when it matters most. Make sure your business can be found in both the print telephone directory and on localsolution.com. For more information or to advertise, please contact Pinnacle Marketing Group at 800-343-8086 or visit pinnaclempg.com to learn more. *Donnie & Andrea Saalman*

Call before you dig.**

Call "BEFORE" You Dig

Before digging on your property, please call OUPS (Ohio Utilities Protection Service) at 811, a few days before you start. This will allow OUPS time to notify all utility companies in your area. This is a free service to you and will protect both you and Bascom Communications. Those who do not call OUPS and cut or damage their lines will be billed for repair or replacement of the lines at a minimum charge of \$200.
